

BIG CRUSADES

Deliverable 2

Official Asset Architecture & Asset List Document

1. Purpose of Asset Architecture

This document outlines the official asset structure for Stage II of Big Crusades.

The asset system is designed to:

- Support open-market business creation across multiple sectors.
- Encourage competitive bidding through cross-sector usability.
- Maintain structural neutrality across visible categories.
- Ensure adequate liquidity for strategic price discovery.
- Enable robust internal evaluation via hidden vertical classification.

2. Financial Structure

- Number of Finalist Teams: 8
- Initial Capital per Team: 100 Crores
- Total Market Liquidity: 800 Crores
- Total Number of Assets: 40
- Total Base Bid Value (All Assets): 534 Crores

This structure ensures approximately 33% competitive bidding headroom within the simulated market.

3. Hidden Structural Vertical Classification (Internal Use Only)

Each asset belongs internally to one of the following four structural verticals:

- V1 – Core Value Creation
- V2 – Enablers & Technology

- V3 – Market Access & Distribution
- V4 – Stability & Strategic Protection

Each vertical contains exactly 10 assets, ensuring uniform distribution.

4. Official Asset List

V1 – Core Value Creation (10 Assets — 194 Cr Total)

ID	Asset Name	Base Bid (Cr)
1	Metropolitan Commercial Tower (Tier-1 City)	19
2	Industrial Manufacturing Plant (Ready-to-Operate)	21
3	Renewable Energy Solar Grid (Operational)	20
4	Cloud Server Farm Facility	18
5	Multi-Specialty Hospital Infrastructure Unit	21
6	Agricultural Processing Facility (Certified)	15
7	Multi-Brand Automobile Assembly Unit	20
8	Pharmaceutical Manufacturing Facility	19
9	Mining & Raw Material Extraction Lease	22
10	Green Hydrogen Pilot Plant	19

V2 – Enablers & Technology (10 Assets — 102 Cr Total)

ID	Asset Name	Base Bid (Cr)
11	AI & Data Analytics Infrastructure Suite	12
12	Automated Robotics Assembly System	14
13	High-Speed Data Cable Network	11
14	Cross-Industry Patent Portfolio	9
15	Advanced Cybersecurity Infrastructure Suite	10
16	Data Center Cooling & Infrastructure System	8
17	Urban Smart Monitoring Network	9
18	Research & Development Innovation Hub	11
19	Cross-Platform Mobile Application Ecosystem	8
20	Enterprise ERP & Automation System	10

V3 – Market Access & Distribution (10 Assets — 136 Cr Total)

ID	Asset Name	Base Bid (Cr)
21	National Logistics Fleet & Warehousing Rights	15
22	Scalable E-Commerce Marketplace Platform	13

23	Pan-India Distribution Rights (Multi-Category)	11
24	Cold Storage & Warehousing Network	12
25	Multi-State Retail Franchise Rights	13
26	Export-Import Multi-Nation Trade License	12
27	National Warehouse & Fulfillment Network	15
28	Cold Chain Pharmaceutical Distribution Network	13
29	Regional Telecom Spectrum Allocation	18
30	Commercial Banking Infrastructure & NBFC License	14

V4 – Stability & Strategic Protection (10 Assets — 102 Cr Total)

ID	Asset Name	Base Bid (Cr)
31	Tier-2 City Land Bank (50 Acres, Zoned)	15
32	Strategic Insurance & Risk Hedging Contract Portfolio	7
33	Private Power Backup & Microgrid System	9
34	Government Infrastructure Contract (5-Year Assured)	16
35	Diversified Commodity Trading Desk (Licensed)	11
36	Strategic Land Reserve in Emerging Smart City Zone	13
37	Regulatory Compliance & Legal Shield Framework	8
38	Multi-Sector ESG Certification Portfolio	6
39	Long-Term Raw Material Supply Contract	10
40	Infrastructure Maintenance & AMC Rights	7

5. Structural Integrity Confirmation

- Total Assets: 40
- Uniform Vertical Distribution: 10 per vertical
- Total Base Bid Value: 534 Crores
- Competitive Bidding Margin: 33%
- All assets are cross-sector applicable.

This asset framework ensures competitive neutrality, strategic flexibility, and robust evaluation potential.
